

CHILDREN FIRST ACADEMY of TEMPE

Every Child...Every Opportunity...Every Day!

May 11, 2012

To Whom It May Concern:

Children First Academy of Tempe is thankful for our partnership with Future for KIDS. Their organization has made a distinct impact on the students at our school. CFA Tempe does not have an after school program for our students, partnering with Future for KIDS brings a unique opportunity to the children in our community. Their organization pairs enthusiastic volunteer mentors with youth to encourage active and healthy lifestyles.

Each week Future for KIDS implements a quality program that focuses on academics, athletics and ethics with an hour of homework assistance and an hour of fitness & nutrition activities. Partnering with Future for KIDS provides an essential component to teaching at-risk youth in our community to be successful and engage in positive choices.

CFA Tempe greatly appreciates the opportunity to partner with Future for KIDS to bring "Discover Your Future" to our students during the school year. We are also fortunate to have the opportunity for our children to be scholarshiped to FFK's Annual Youth Sports & Fitness Camp. Their camp provides an opportunity for our students to enjoy a day on the ASU campus while engaging in fitness related activities and participate in enriching activities during their summer break.

We look forward to continuing our partnership with Future for KIDS. This important program is a great addition to the opportunities we are able to offer to our students and their families.
