Future for KIDS

6991 E. Camelback Rd. Suite B100
Scottsdale, AZ 85251

To Whom it May Concern,

I am a principal of a school that has been a part of Future For Kids for over 6 years. I am thrilled about FFK's commitment to my students. They provide a curriculum that is engaging and the kids have a great time. Students have the opportunity to do their homework, have tutors, are engaged in physical activities and do fun hands on activities. In addition, Future for KIDS also has activities for kids outside of my school. My students have gone to Grand Canyon University for a basketball camp, and to ASU for a summer camp that allows the students to partake of engaging activities with volunteers that truly care for my students.

Sincerely,

Jevon Lewis, Principal
Children First Academy Tempe
