Dear Madonna

I just wanted to send a note of thanks for bringing the **Future For Kids** Program to the Sunnyslope Community Center this summer. All of us here at the Sunnyslope Community Center really do appreciate what your program brought to the children of our community.

The components of the **Future For Kids** program enriched the lives of children in this community, we all saw firsthand the importance of what you do. We hope that you enjoyed the experience of getting to know us here at Sunnyslope and that you feel it was beneficial for you to provide this vital service in our community. It was great having you be part of our End of Summer Bash on July 29th as well. It gave folks an opportunity to find out about all the good you do in the communities you serve.

We look forward to you being part of future events at our facilities and hope that you will be able to participate in upcoming community events here in Sunnyslope.

Thank you again.
