To whom it may concern:

I would like to show UMOM New Day Center's endorsement and support for the organization **Future for Kids**. They have partnered with UMOM in 2011-2012 and have made a tremendous impact in Kids Den—UMOM's after-school program for children ages 6-11 years.

Future for Kids has been an asset to our organization and to Kids Den. They help our children by providing support in homework, creating physical education programs for the children and even teaching them about healthy eating habits and choices. In addition, one of the most beneficial programs they had was "group time." This allowed staff to gather with children in small groups and talk about life skills such as respect, responsibility, acceptance, etc.

The staff members at **Future for Kids** are always very helpful, kind, and patient with the children. They maintain a level of professionalism that is greatly appreciated all while staying supportive of the teachers and flexible with the classroom environment and schedule.

The children as well as the teachers always looked forward to the time that they would spend with **Future for Kids**. They have been an incredible asset to our program and we would recommend them to any other organization.

If you have any other further questions, please feel free to call me at 602-889-0859.

Sincerely,

Michelle Hargreaves
